EDUCATION

Computer Science

Lancaster University

06/2027
First Class

Relevant Coursework: Object-Oriented Programming, Data Structures and Algorithms, Introduction to Programming, Fundamentals of Computer Science, Database Systems, Project Management.

PROFESSIONAL EXPERIENCE

Platforms Developer Intern

06/2025 – Present

Npontu Technologies Limited

- Collaborated with a multi-functional team to develop and design scalable web solutions for client-facing platforms using Laravel, PHP, MySQL.
- Built and implemented secure Resful APIs to enable seamless data flow between systems, tested using Postman and versioned with Git.

Software Engineer Intern

01/2025 – 03/2025

Lancaster University Christian Fellowship (Contract by the Media Team)

- Designed and developed a user-friendly web application using HTML, CSS, JavaScript to help maintain accurate records of its members.
- Continuously implemented modern UIs using a modern JavaScript framework to ensure compatibility across devices.

PROJECTS

Hotel Website Luxura

- Developed a fully functional and visually appealing hotel website using HTML, CSS, and JavaScript. Integrated user-friendly features like a booking form and interactive navigation.
- Developed input validation for critical inputs such as email, ensuring data integrity.

Maneyger

- Developed a user-friendly web interface using mainly Vanilla JavaScript, enabling users to input financial information and track expenditures seamlessly.
- Implemented Data Visualization tools such as Chart.js, to provide users with actionable financial insights.

SKILLS

Programming Languages

Python, C

Frameworks

Bootstrap, NodeJS, ReactJS

Web Technologies

Html, CSS, JavaScript, Git & Github

Databases

MySQL, MongoDB

LEADERSHIP AND INVOLVEMENTS

Google Developer Student Club

10/2023 – present

Member

- Actively participated in events such as Hackathons which enhanced problem solving skills and innovative thinking.

Computer Science Society

01/2024 – 06/2024

Foundation Lead

- Collaborated with society members to plan events and resources for continuous learning.
